

Plan for Emergencies

Collect these items to prepare for responding in the event of an emergency.
Store items in a covered bucket or tote in an easily accessible place.

- * Make a list of all your medications (dosages, prescribing doctors & pharmacies)
- * Know the number for your pharmacy for medication replacement, if needed.
- * Store all medications in one place for easy retrieval.

**Please contact us with any questions
you may have during an emergency.
